CEO MESSAGE

Realizing the need of reliable ISO tank cleaning facilitator in Pakistan. Pakistan Terminal Operators has worked day and night to create an organization that delivers high-quality services with utmost reliability.

Pakistan Terminal Operators is nationally recognized for its high standard services that not only assist the large clientele but also helped in acknowledging Pakistan Terminal Operators as the first dedicated and finest cleaning facility of ISO Tank in Pakistan.

Apart from building a trustworthy organization in Pakistan, we put limitless efforts in creating International standards cleaning services provider to ISO tank operators in Pakistan. The existence of such an organization in Pakistan allowed the local tanker operators to avail the opportunity and function accordingly.

CHANGEZ HASSAN NIAZI
Chief Executive Officer

OUR VISION

Believing in the power of honesty and integrity at work, the heads working at Pakistan Terminal Operators had always urged to deliver nothing but high standard services to our extensive clientele.

Our uncompromising nature when it comes to quality services has compelled the world to recognize PTO as the organization aimed to provide comprehensive logistics services.

OUR MISSION

With an aim to provide high-quality services, Pakistan Terminal Operators emerges as the organization recognized as the building blocks of ISO tanker services in Pakistan.

The heads working at Pakistan Terminal Operators, preach and practices nothing but transparency in their performance. Therefore, we deliver state-of-the-art services to our clients who have put their trust in us.

ABOUT US

Pakistan Terminal Operators, the first dedicated and finest cleaning station to facilitate ISO Tank Containers in Pakistan. We have credited widely for its high standard services.

With its aim to become the dynamic change in the tank cleaning industry, PTO was established to provide advanced and finest cleaning services to global tank operators. Our advanced services let the local tanker operators avail benefits and never ending opportunities favorable to their business. PTO has been profoundly recognized globally for its leading and high-standard services.

The world's leading manufacturer of cleaning technology M/s Weidner's of Germany has complete assistance of PTO. PTO is proud to be **Your Preferred Partner in Liquid Tank Cleaning!**

THE PHILOSOPHY WE FOLLOW

Aligning with our corporate responsibility policy, PTO focuses on becoming a company that empowers sustainability in the environment.

While PTO follows leading industry standards such as those structured by The Federation of Oils, Seeds and Fats Association (FOSFA), the company also holds strong policies to main environmental standards. At PTO the wastewater generated as a result of the cleaning process is stored in septic tanks. These septic tanks have the capacity up to 7,000 gallons. Other than this, PTO has also signed a contract with the waste management company to ensure high standard cleaning as these waste management companies handle and treats waste and waste treatment plants weekly.

We believe that only training makes the services and service staff better. Therefore, to improve the standard quality of service the company sends staff members overseas for ITCO and other training courses.

OUR VALUES

Nothing Lies Above Customer Satisfaction:

To uphold the highest standards of integrity and transparency and to deliver state-of-the-art services, PTO strives to provide nothing but satisfactory efforts. Our values compel us to take rigorous and extensive steps to develop our capabilities and structures to meet the set standards. In our day-to-day work, we focus on the following values while upholding the highest ethical standards:

- Provide support to the supply chain management process
- Provide quality service on Food Grade Standards
- Adopt FOSFA guidelines to maintain CONTAMINATION-FREE CLEANING
- Follow EPA by-laws to use environmental friendly methods
- Acquire assessment from SQAS and ITCO.

OUR CUSTOMER

CORE BUSINESS

This is How We Operate:

Our high-standard services comprise of

- Tank cleaning
- Repairing
- Handling and storage
- 3rd Party Inspection & survey of ISO Tank containers as per ITCO standards
- Inspection & survey of ISO Tank containers as per ITCO standards
- Food grade conversion
- Periodic Testing by Bureau Veritas
- CCTV Monitoring of facility

SERVICES WE OFFER

CLEANING

Keeping international standards in mind, PTO provides fully automated cleaning machinery to meet the bar set earlier. The facility offers two qualities drive-through cleaning bays. One of the bays is dedicated to foodstuff, offering interior steam and regular cleaning as well as exterior cleaning.

REPAIRING

Realizing the need for rapid repairing of expensive equipment, we make sure that we put extra effort into fixing your requirements timely. Our expert technicians provide a range of major and minor repairs with structural and tank exterior repairs as well as changing of seals and gaskets.

TESTING & INSPECTION

PTO inspectors are trained in all aspects of handling ISO tanks whether the efforts require going the extra mile with the safety facility or ensuring cargo integrity at its finest. PTO makes sure to deliver nothing but high-standard services to its customers. Moreover, the work to provide HSE requirements, cargo integrity and/or quantity determination, PTO uses the best practices currently adopted internationally. Our inspection process involves inspecting keenly and an option for elements that ensure the current requirements and standards are met.

HANDLING

Our expertise includes handling and storage of used and empty tank containers. The Maximum storage capacity provided by PTO is upto 9 tons.

The facility is strategically located at Port Qasim; which is Pakistan's 2nd biggest port and provides access for all cargo equipment and through our ability to lift off equipment at our site.

DEPOT FACILITIES

The one-stop solution for ISO Tanks, PTO offers cleaning as per ITCO standards. Within two days our dedicated cleaning team provides its exceptional services using modern technology-assisted types of machinery provided to us by Weidner; the cleaning machine operator in the world.

Apart from high standard cleaning services, PTO ensures that the repairing and maintenance services are undertaken by our team of IICL/ITCO certified professionals.

We are the members of ITCO (International Tank Container Organization) and are currently in the process of becoming certified as "Approved Cleaning Station and Repair Depots".

WE GO AN EXTRA MILE FOR EFFICIENT CLEANING SERVICE

Other than sustainable environmental standards, PTO has put an extra effort to enhance its service quality standards with time. PTO has invested in a reverse osmosis plant with 0% chlorines, allows tankers to be washed fully with zero traces of contamination left.

Not only this, but the company uses high-quality detergent specially prepared for the cleaning of ISO tank containers.

OUR RELIABLE CUSTOMERS

The parameters to measure success at PTO is the number of satisfied customers it has earned. We believe in becoming the best to approach tank cleaning service company for our potential users, PTO's approach towards becoming the "one-stop-shop" where all relatable services are provided has managed to build a clientele every company wishes for.

We, at PTO, has earned several satisfied customers that believe in the ideology and services offered by the company. Our biggest customer for tank cleaning service is Eagle trainer, but today approximately 21 container operators are using this facility.
